

# Will you help us to share this view of life with a mother facing an unplanned pregnancy?

## **Here's how...**

Despite difficult economic conditions, there is still a chance for you to make a big difference by saving the life of an unborn child.

After completing our ultrasound room, training our nurses and starting on-site, life-saving ultrasound exams, we need support to save more lives.

You can help save God's children and their mothers, fathers and grandparents from the travesty of abortion. **Your gift today will help a baby to live.**

**Go online** to our Web site today at **www.birthchoicetemecula.com** to give any amount by checking, savings or credit card, and you will be joining our life team as a "Life Team Donor." You can make the donation in memory or in honor of someone if you wish.

**Save a life today...** Give your best gift to save a life. Every child deserves a chance to live, and you can save a woman and her family from the pain and suffering that often accompanies abortion decisions.
